Big Street Fair in Jasper

Everybody is preparing to have the biggest street fair in Jasper ever shown in southwest Missouri and don't you miss it. But the street fair is really the side show compared with the big show we are to have at this store. In our Dry Goods Department we have just received a large line of Ladies and Misses cloaks for this week only and will sell them at a price that will tickle you. Our fall line of Dress Patterns, Pingree and Walkover Shoes are now in and, bless your life, we can rig you out to a "Queen's taste." In our grocery we have that wonderful May Flower Coffee, Turkey Flour that everyone likes so well, and will sell the "Turkey" for \$2.60 per hundred, in 500 lb. lots through the big show. At present market price it is worth more money. Our fall line of **Superior Cook Stoves and Ranges** is now in, and never was there a better time to buy than now. If you are not feeling right, remember our drug department; we carry the largest stock of drugs in the city, and everyone knows our prices are right. But if you want to see the big show of the whole outfit, climb up the stairs on the west side and take a look at the buggies with HENNEY on the step. We have more buggies on hand now than we ever had at one time before; and the fall is the time to buy one. Your work is practically over, and you can enjoy yourself. The 24-inch beds are the roomy kind; if you want comfort get the 22-inch; if you like to be crowded just a little get a 20-inch. We have all sizes, and the styles are next year's—black gear with white stripe, and one-half automobile back. They are the latest, and it pays to advertise. Make a bee line to this store, get a HENNEY buggy and enjoy the big fair. We guarantee you a partner.

Come and see your humble servants,

STREET FAIR BEGINS TOMORROW.

Everything Points to Biggest Event in Jasper's History.

Up to date nearly thirty concessions have been let by the street fair committee to various attractions, and it is likely that the list will not grow further. The Collins carnival company, with their electric show, steam swing, and Ferris wheel, are of course the biggest single attraction. The Collins people have filled engagements this year at Springfield, Aurora, Republic, Ash Grove, Lockwood and Bolivar. In this part of Missouri, and the press of each town is very loud in praise of them. At nearly every town they have booked for a return engagement next year. The other attractions, two numerous to mention singly are all good. Some of them, notably the famous Huffs, aeronaute, are known to Jasper county people.

A liberal premium list and long list of contests insures a big attendance at the fair, as does the fact that it is Jasper that is backing up the enterprise. When Jasper celebrates the people sit up and take notice.

Married Sunday Morning.

Harve Buerge and Miss Stella Vincent were married last Sunday morning at 9:30 o'clock at the home of the brides parents, Mr. and Mrs. H. A. Vincent, 4 miles east of Jasper. Rev. N. M. Suter, pastor of the M. E. church south, performed the ceremony, following which the pair departed on the 10:22 train for Kansas City, amid a shower of rice and congratulations from their friends, a number of whom gathered at the station to see them off. The newly wed couple are among the best known young people of Jasper and vicinity and have always been very popular in the set in which they move. On their return from Kansas City they will make their home on the Buerge farm. The News joins their friends in extending best wishes.

BEAT LAMAR AGAIN.

Jasper Basket Ballists Again Smeared a Defeat Over Rivals.—Second Team Lost.

The basket ball game at Lamar last Friday night resulted in another victory for the Jasper first team, but the second team had the tables turned on them and lost by the close score of 17 to 13. Apparently the boys were rattled by the rooting of the spectators and did not play their real game. The first team, however, while it did not score such a crushing defeat as at the game of a week previous, was still so far superior to their opponents that the game was much in the nature of a walkover. The score was 23 to 11. The Jasper team is conceded by the Lamar rooters to outclass the Lamar team. These two decisive wins give the boys a long boost on their way to the championship of this section, and other games will be looked forward to with interest.

Pulling Prize for Teams.

The street fair committee decided this week to offer two prizes of \$5 each to the best team of horses or mares, and the best team of mules, on Saturday. This is a contest that has always proved a popular feature wherever tried at fairs, and will doubtless be of much interest. Wagons will be loaded with men and the wheels locked. At Carthage last spring only two teams were found capable of pulling the load thus provided. It remains to be seen if the Missouri mule attains greater strength in this end of the country.

Sunday School Convention.

The Sheridan township Sunday school convention is set for Sunday, Nov. 23, at Salem church, at which time an all day session will be held, a basket dinner being one feature. The day's program consists of Sunday school and preaching in the morning, followed, after dinner, by a program of recitations, singing, addresses and discussions. The Empire male quartette has been engaged for several selections.

Nothing Was Stolen.

With the assistance of Frank Harj-enbrook, Postmaster Wade succeeded last Saturday in opening the postoffice safe, which since the attempted robbery on the night of the 15th had baffled all efforts to open it. It developed that the robbers had really succeeded in opening the outside door of the safe, operating the plunger through the hole they had drilled, but the inner works were too much for much for them. Not a thing was missing. A small sack containing several dollars in pennies was within their grasp when the safe's outer door was opened, but either through fright at some interruption or disgust at failing to make further progress the cracksmen did not take it.

It is the opinion of U. S. Inspector L. E. Hedges, who was present at the opening of the safe, that the fellows simply found a better safe than they had calculated on, and were forced to give up the job.

A drawer in a desk had been opened, but the papers it contained were not disturbed.

So far as we are able to learn, no clue has been discovered as to the identity of the burglars.

Died at Asylum.

Mrs. Mary Greenwood, whose home was in the Carrytown neighborhood, died last Friday at Nevada, where for a year past she had been a private patient at the asylum. Mrs. Greenwood was the mother of Wm. Greenwood, a prosperous farmer, at whose home the funeral services were held on Saturday, conducted by Rev. Prall. The interment was at the German Baptist cemetery. Deceased was nearly 80 years of age, and her death was the result of general physical deterioration attendant upon old age. Prior to her mind giving away she was cared for at the county farm.

NEW CLOTHING STORE.

Marks Bros. of Carthage are Putting in Stock Here.

Readers of the News will note in this issue the announcement of a new advertiser, the firm of Marks Bros., who are putting in a stock of clothing and furnishing goods in the Schoolcraft building on the south side. Harry L. and Ben H. Marks of Carthage compose the firm, and the latter will be in charge of the business, the former being occupied with his interests in the Jumbo clothing store at the county seat. Both gentlemen are well known as experienced dealers and will doubtless give Jasper another good store. The new store is a branch of the "Jumbo," of which there are already branch houses at Webb City, Fredonia, Neodesha and Independence, the latter three towns being in Kansas. Messrs. Marks are satisfied they will do a good business in Jasper and say they have come to stay.

J. R. Yoes Dead.

J. R. Yoes, who for some years has farmed 3 miles east of Jasper, died last Sunday of consumption, after a lingering illness, and on the following day was interred at Carthage, which city was his home prior to moving to Jasper. Deceased was 62 years of age and the father of ten children, all of whom survive him. His wife died several years ago. Rev. Prall conducted the funeral services at the home. D. W. Teeter having charge of the burial service at Carthage.

Summer Tourist Rates.

Special summer tourist rates to Colorado points through month of October, \$19.75 round trip. Special colonist rates to California and the northwest during month of October.

Those attractive sale bills you saw posted along the road as you came to town were printed at this office. We can do just as good work for you, too. Don't take your printing away from home when you can get a better class of work for the same or less money in your home town.
